10 CHAPTER 2.

3.1 : R

```
Python (
    : pandas, numpy, matplotlib) ( : dplyr, data.table,
ggplot2).
                                   с#е
                               Julia Scala
                                  Python ili R
      c c#.
                                     . R
          R Rstudio
                        (Rmarkdown), (bookdown),
                                                      (\mathtt{shiny}),
    (blogdown), .
                                      bookdown,
                         ( ) ,
    Rstudio.
                                      R.
                                      R.
R
                                R Rstudio (
                                                Rmarkdown)
                                       Jypiter
           (VScode).
                                                  Rstudio
```

12 CHAPTER 3.

3.3 : docker

Table 3.1:

3.4

-- 2.1):

Methods

We describe our methods in this chapter.

Applications

Some significant applications are demonstrated in this chapter.

- 5.1 Example one
- 5.2 Example two

Final Words

We have finished a nice book.
